NÉTUR INC

Advanced industrial additive manufacturing

Canada

RAY SERVICE, A.S.

Czech-based international company specializing in the development and production of cable harnesses, electromechanical assemblies, and electronic systems.

Czech Republic

3DEUS DYNAMICS

Developing and using advanced 3D printing technology (Dynamic Molding) to manufacture high-performance parts.

France

4D CONCEPT PARIS

Software publisher specializing in document engineering, digital transformation, and the management of technical content based on standards such as S1000D, ATA, and DITA.

France

A2C - AIR COST CONTROL

Air Cost Control's mission is to negotiate, buy, store and resell products for electrical and metal aerospace industry

France

AC DISMANTLING

Specialist in environmentally friendly dismantling for private and business aircraft at the end of their lifecycle

France

ADECCO

Specialized temporary and interim employment agencies

France

AERIADES CLUSTER AÉRONAUTIQUE - SPATIAL - DÉFENSE GRAND EST

Cluster that brings together industrial skills, research and training oriented in aerospace and defense. It includes more than thirty companies, technology transfer centers, schools and laboratories

France

AERIS - AEROSPACE & DEFENSE

Aerospace & defence consulting services

France

AEROCENTRE

Regional Excellence Cluster (REA) is an association founded in 1901 in May 2009, to sustain, develop and structure the aviation industry in the Centre region

France

AEROTEC & CONCEPT

Aircraft maintenance (radio and onboard instruments)

France

AIR FORMATION

Providing certified aeronautical training and skills development for individuals and organisations in the aviation industry

France

AIRBUS DEFENCE & SPACE

Leading manufacturer. Defence products include A400M - A330MRTT - Eurofighter - C295 and Services - Unmanned Aerial Systems

France

AIRBUS HELICOPTERS

Leader in civil helicopter or military helicopter transport offering a wide range of utility helicopters

France

AIRBUS OPERATIONS

Aircraft manufacturer

France

ALPHA JET SERVICES SARL (AJETS)

Provide aeronautical maintenance services and skilled technicians for the upkeep and repair of military aircraft and aeronautical components.

France

ALVEST EQUIPMENT SERVICES (AES)

Full range of services for the ground support equipment (GSE) and the airport environment, using the best combination of robust processes, dedicated software platform

France

AMBASSADE D'ALLEMAGNE

German Embassy in Paris represents Germany in France and serves as a key center for diplomatic relations, political cooperation, and consular services between the two countries.

France

AMETEK SAS - DIVISION CREAFORM

3D laser scanners, laser trackers, CMMs, 3D software, training, 3D scanning services, inspection, design and reverse engineering

France

ANFEM

French association dedicated to families of the defense community, civil or joint military

France

APEC (ASSOCIATION POUR L'EMPLOI DES CADRES)

French organization that supports executives, managers, and recent graduates in their professional careers and helps companies recruit qualified talent.

France

APLUS SYSTEME AUTOMATION

Specializes in designing, manufacturing, and integrating rugged computing systems (industrial PCs, embedded devices) for critical sectors

France

APRRES INDUSTRIES - GROUPE ENERGIE MÉTAL NIRREP

Industrial group specialized in the design, manufacturing, and assembly of metal and composite parts (including waterjet and laser cutting, and welding), primarily serving the aerospace, energy, and defense sectors.

France

ARKANIA GROUP

A French engineering and industrial manufacturing group specializing in design, machining, sheet metal work, laser cutting, composites, assembly, and customized industrial solutions across multiple sectors.

France

ARMÉE DE L'AIR ET DE L'ESPACE - BASE AÉRIENNE 106

One of the two Bordeaux Air & Space Force Bases which hosts AD2S. It welcomes the air or joint HQ as well as operational units

France

ARMÉE DE L'AIR ET DE L'ESPACE - BASE AÉRIENNE 204

One of the two Bordeaux Air & Space Force Bases. It specializes in aeronautical ground systems MRO.

France

ARMÉE DE L'AIR ET DE L'ESPACE - CTAEE

Responsible for maintaining and ensuring the operational readiness of air forces at the operational level, and guarantor of technical and logistical operations on air bases and theaters of operations.

France

ARMÉE DE L'AIR ET DE L'ESPACE - ÉTAT-MAJOR

Headquarters of the Air and Space Force (General staff)

France

ARMÉE DE L'AIR ET DE L'ESPACE - SERVICE INDUSTRIEL DE L'AÉRONAUTIQUE (SIAÉ)

French Air Force service responsible for the MRO at the industrial level for the whole French Armed Forces

France

ARMÉE DE TERRE - 11E BRIGADE PARACHUTISTE

Major unit of the Armée de Terre specialised in airborne operations

France

ARMÉE DE TERRE - ÉTAT MAJOR

French Army Staff

CAP2TECH (JET PRODUCTIONS)

Precision industrial mechanics and manufacturing of technical metal parts that can be used in aerospace or other industrial applications

France

CEA-LIST

Major player in research, serving the state, the economy, and citizens.

France

CGI FRANCE

Among the largest IT and business consulting services firms in the world. help accelerate returns on your investments. Across 21 industries in 400 locations worldwide

France

CHARLOTTE MANUTENTION

Offers a wide range of electric and thermal machines intended for the industrial, airport and military sectors.

France

COGNIVANCE

Helps defence and aerospace organizations capture, standardize, and transmit critical industrial know-how using AI, particularly for maintenance, production, and operational expertise where quality, safety, and workforce continuity are essential.

France

COMAU FRANCE

Technology provider for defense manufacturers, supplying the tools and systems used to build military equipment, rather than producing defense products itself.

France

COMMANDEMENT DE L'AVIATION LÉGÈRE DE L'ARMÉE DE TERRE (COMALAT)

Branch of the French Army responsible for operating military helicopters and light aircraft to support ground forces with reconnaissance, transport, and combat missions

France

CORIMATEC

Designs and manufactures custom tooling, composite molds, electroformed components, and high-precision technical solutions for the aerospace, space, medical, nuclear, and defense industries.

France

CORSO MAGENTA

Develops innovative dry paint and technical film solutions to enhance durability and protect industrial surfaces.

France

CP FRANCE

Range of technical and waterproof cases

France

CRITT MATERIAUX INNOVATION

A materials innovation center specializing in material testing, analysis, and expertise, supporting industries through R&D projects, material characterization, and the development of tailored, high-performance solutions.

France

CS GROUP - FRANCE

Specialized in critical systems, cybersecurity, and mission software for defence, space, aeronautics, energy, and homeland security sectors.

France

DASSAULT AVIATION

Strategic industrial player in France's aerospace and defense sector, contributing to national defense capabilities, technological innovation, and global export of military and business aircraft.

Professional association that organizes and represents the entire French aerospace industry, promoting its competitiveness, innovation, and global presence.

France

GMI AERO

Company manufactures innovative equipment and provides composite repair engineering solutions, training and field support services since 40 years.

France

GMP ADDITIV'

Mechanical and Micromechanical High Precision Machining - Manufacturing and Assembly of Mechanical Subassemblies and Assemblies

France

GPI FORANKRA - ACK SAS

Complete solutions for securing, lashing, and optimizing cargo loading, as well as equipment for handling, lifting, and industrial logistics.

France

GROUPE AGS

Designs and manufactures high-precision metal components and assemblies for aerospace, defense, rail and automotive industries.

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

Preliminary list of participants - 15/07/2026

GROUPE BLONDEL

Supply Chain Solutions for Manufacturing and E-commerce: Outsourced Logistics, Transportation, Material Handling, and Storage of Hazardous Materials.

France

GROUPE BOVIS

Specializes in the handling, transportation, installation, and logistics of heavy, fragile, and high-value equipment, serving industries such as aerospace, healthcare, manufacturing and fine art.

France

GROUPE GAZECHIM COMPOSITES

Distributor of advanced composite materials : woven fabrics or sewed fabrics, prepregs, core materials, resins (epoxy, polyurethane, epoxydes, silicones), vacuum products, insulation glass fabrics covered with aluminum or silicone enducted

France

HANDDDLE

Develops secure, automated industrial 3D-printing micro-factories that help defense organizations produce and manage critical parts faster, closer to operations, and with full traceability.

France

HEMERIA

Young company drawing on a 30-year heritage of Defence and Space expertise, that conceives and manufactures high-dependability, high- tech equipment and systems for the very exacting requirements of the Space industry

France

HENSOLDT NEXEYA FRANCE

Provides Maintenance, Repair & Overhaul (MRO) and life extension services for Original Equipment Manufacturer (OEM) platforms and equipment

France

HUTCHINSON AEROSPACE

Designs and manufactures advanced multi-material systems and components, including aerostructures, fluid management, insulation, sealing, vibration control, and protection solutions for aircraft, spacecraft, and defense platforms

France

I-4S FRANCE SAS

Design, manufacture, and support of rapidly deployable modular shelter systems for defense, civil protection, and emergency response

France

IDEA GROUPE

Industrial logistics provider: pilots supply-chain design for exceptional, specific and sensitive products. It offers both comprehensive and tailor-made logistics solutions (aeronautics, energy, shipyard, defence, agro-food and industrial bulk).

France

IRT JULES VERNE

Applied research and technology development for advanced manufacturing.

France

JEDO TECHNOLOGIES

Waterjet cutting expert, cutting and manufacturing of finished goods made of any materials

France

JPB SYSTEME

The company designs and manufactures self-locking mechanical solutions and loosening detection sensors for critical industrial areas, reducing assembly and maintenance time while sustainably improving equipment reliability and availability.

France

KALMAR FRANCE

Designs and supplies cargo handling solutions and equipment for ports, terminals, and industrial applications, including machinery, automated systems, and related services.

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

KNDS - NEXTER ELECTRONICS

European defense company specializing in land defense systems and military equipment.

France

LACHANT GROUP

French leader in custom manufacturing and co-development of all types of metal parts and various springs.

France

LES AILES BRISÉES

Non-for profit association providing moral and material assistance to civil and military aircrew, injured in air service and their families.

France

LOGAERO SERVICES

Freight forwarding and transport organization, especially tailored to the aerospace and aviation industry

France

MANULOC

Provides a complete range of motorized GSE and Handling Material. Thanks to more than 650 maintenance technicians, Manuloc ensures the operability of more than 20,000 equipments around the French territory.

France

MARINE NATIONALE - ETAT-MAJOR

French Navy Staff

France

MARLIER SA

BDT Services - Non Destructive Testing (MT, PT, RT, UT, ET...)

France

MAZERES AERO EQUIPMENT

Provides integrated aeronautical subcontracting and services, including aircraft assembly, maintenance, technical support, and cabin outfitting for OEMs, airlines, and major aerospace contractors.

France

MBDA

World leader in missile systems offering a comprehensive international product range incorporating today's most advanced innovations.

France

MEKAMICRON - MK COMPOSITES

Aerospace manufacturing company specializing in the design, manufacture, and repair of composite parts and precision mechanical components for high-performance industries, particularly aerospace and defense

France

METROPACK

Designer and manufacturer of custom industrial packaging solutions. In the defense sector, its main activity is to protect, transport, and store sensitive military equipment.

France

MICHELIN INFLATABLE SOLUTIONS

A Michelin Group business specializing in the design and manufacture of ultra-lightweight inflatable structures and advanced technical textile solutions for highly demanding sectors, including aerospace, defense, and security.

France

MINISTÈRE DE L'INTERIEUR

French Ministry of the Interior, the government department responsible for internal security, law enforcement, civil protection, and administration of the territory.

France

MISSION LOCALE TECHNOWEST

Support young people (aged 16–25) in their integration into employment and society.

France

MPH MÉCANIQUE

Precision mechanics, assembly

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

Preliminary list of participants - 15/07/2026

NEFAB

Provides engineered packaging and logistics solutions for the defence sector, supporting the safe transport, storage, and lifecycle management of sensitive military equipment.

France

NSE

Sell, design, develop integrated systems (civil and military), make support services in the areas of defense, aerospace, electronics, information technology, telecommunications and heavy industry.

France

OBSAM

Specializing in the management of industrial obsolescence for various sectors.

France

OCETA - AMDP

Technical support, development, distribution & repair service for tooling & interconnect solutions for aerospace, military, railroads and electronics industries

France

ONE-TOO

For over 40 years, in partnership with the largest constructors and equipment makers in the automobile industry, One-Too offers innovative solutions in acquisition, evaluation and the characterisation of physical scales.

France

PANOPTES

Industrial digitalization company specializing in RFID- and IoT-based traceability solutions that help organizations track equipment, products, and logistics flows in real time.

France

PICOMTO

A digital platform to create, manage, and optimize interactive work instructions, ensuring operational efficiency, compliance, and real-time collaboration for industrial teams.

France

POTÉZ AÉRONAUTIQUE SA

Design and production of aerostructures - Production of wide dimension stretch forming both profile and skins - Production of wide dimension stretch forming both profile and skins

France

POWER SYSTEM TECHNOLOGY

Design office specialized in power electronics and small- to medium-scale production (electronic boards, wiring, and system integration).

France

PRIMUS CLUSTER DEFENSE & SECURITE

Brings together defense, security, and safety companies to develop collaborative solutions, strengthen competitiveness, and support business growth in national and international markets

France

PROMAN TERTIAIRE INDUSTRIE AÉRONAUTIQUE

Specializes in temporary and interim employment in the aerospace and defence industries

France

R&R CONSULTING

Delivering expertise to secure and accelerate certification of customer organisations and products in Aerospace & Defence industry contexts.

France

RAYAK COMPOSITES

Specializes in the design and manufacturing of composite parts and tooling for demanding industrial sectors such as aerospace, automotive, and marine industries.

France

RÉGION NOUVELLE-AQUITAINE

New Aquitaine (Nouvelle Aquitaine) is France's largest region - Its prefecture and largest city is Bordeaux. AD2S is organized under the aegis of the Nouvelle-Aquitaine region.

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

ROHDE & SCHWARZ FRANCE

Electronic and optical test and measurement

France

RPSD SAS

Specializing in technical foam and polymer-based components, supplying high-performance solutions to demanding industries, including defence.

France

SABENA TECHNICS

French leading independent provider of maintenance (MRO) and modification solutions for civil & military aircraft operators.

France

SAFRAN AIRCRAFT ENGINES

This branch of the Safran group operates in all segments of the design, development, production and maintenance, repair and overhaul (MRO) of fixed-wing aircraft engines, both military and commercial

France

SAFRAN HELICOPTER ENGINES

This branch of the Safran group operates in all segments of the design, development, production and maintenance, repair and overhaul (MRO) of rotary-wing aircraft engines, both military and commercial

France

SAFRAN TRANSMISSION SYSTEMS

Develops mechanical transmission systems that transfer power from aircraft engines to critical onboard equipment

France

SAMARO

Specialist in industrial lubrication and bonding, is the preferred partner of DOW CORNING-MOLYKOTE and PERMABOND. With MOLYKOTE and its own brand SERENYS, SAMARO offers you a complete range of NSF-H1 lubricants, guaranteed

France

SAVIGNY SA

Designs and manufactures industrial fastening and articulation systems such as latches, hinges, and locking solutions for various industries.

France

SEGULA TECHNOLOGIES

Leading engineering group offering services, covering the entire lifecycle of civil and military aircraft, from design to maintenance, including engineering, tooling, production and production services.

France

SEM AEROSPATIALE

Treatment of obsolescence on small and very small series

France

SEMIA

World-reknowned skills in the field of vibrations in aeronautics and distributes in France and other countries equipment intended for the operation and maintenance of helicopters.

France

SHIFT89

Supports the armed forces by providing augmented-reality digital training tools that help military organizations train technicians, transfer critical expertise, and maintain complex equipment more efficiently.

France

SIMMT - STRUCTURE INTÉGRÉE DU MAINTIEN EN CONDITION OPÉRATIONNELLE DES MATÉRIELS TERRESTRES

Central directorate with a joint mandate, is responsible for maintaining the operational readiness of land equipment for the armed forces, directorates, and services of the Ministry

France

SMAC

Design, manufacturing and testing of shock and vibration acoustic and sealing solutions for defence, space and aeronautics

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

Preliminary list of participants - 15/07/2026

SMC - SOCIETE DE MECANIQUE CHAMPENOISE

Company specializing in precision engineering, machining, and assembly of custom industrial parts for aerospace, energy, automotive, and special machinery sectors.

France

SONOVISION

Providing engineering, technical documentation, logistics support and data management services

France

SPHEREA TEST & SERVICES

Provides production and maintenance test solutions (ATE) in the aviation, defense, space, energy and transportation

France

STAHLWILLE FRANCE SARL

Our aviation tools, storage and transportation solutions allow airlines and their service personnel to maintain aircraft in a highly mobile and fast way

France

SUNAERO - GROUPE RJ

Aerospace technology-based tooling and MRO services provider specialized in helium leak detection and check, fuel tank repair and fast polymerisation.

France

TARMAQ

Develops and promotes aerospace knowledge, skills, and careers, through a future large-scale hub that connects industry, education, and the public.

France

TECHMAN-HEAD - TMH-TOOLS

Supports military aviation maintenance by providing equipment and tooling used to maintain aircraft and helicopters operated by armed forces.

France

TEXYS GROUP

Provide high-precision sensors and measurement systems used to test, monitor, and validate military aircraft, vehicles, missiles, and other defense technologies.

France

THAILAND BOARD OF INVESTMENT - PARIS

Assistance and granting of incentives to aeronautical companies in setting up their businesses in Thailand

France

THALES

A global leader in high technology in the fields of digital and "Deep Tech" (connectivity, Big Data, AI, cybersecurity and quantum computing). It operates in the defense, aerospace, cyber and digital markets

France

THALES DEFENSE MISSION SYSTEMS (DMS)

Supports armed forces by delivering integrated mission systems that enable effective situational awareness, threat detection, target identification and decision support across multiple domains (air, sea, undersea and land)

France

THALES LAND AND AIR SYSTEMS (LAS)

Thales Group's business unit specialising in defence and aerospace systems for land and air applications

France

THALES SERVICES NUMÉRIQUES

Delivering the digital platforms, software, and IT services that enable fleet monitoring, predictive maintenance, and operational readiness for armed forces equipment

France

THALES SIX GTS FRANCE SAS

Focused on secure communications, information systems and telecommunications equipment for military and other critical missions.

France

The participants are presented in alphabetical order of their countries of origin and, within each country, in alphabetical order of their names.

Preliminary list of participants - 15/07/2026

THINK 'N' FLY

Designs and delivers innovative engineering and consulting solutions for the aerospace, space, and defense industries.

France

TLD EUROPE

Airport ground support equipment (GSE) manufacturer. In the defense sector, its main activity is supplying aircraft ground support and logistics equipment for military air forces and defense organizations.

France

TYREX-CYBER

Specializing in data exchange security, designing hardware solutions to sanitize and protect removable media against cyber threats.

France

UIMM - GIRONDE LANDES

Regional branch of the Union des Industries et Métiers de la Métallurgie, representing and supporting industrial companies in Gironde and Landes through legal, workforce, training, and industrial development services.

France

UNIVEIRA

French industrial SME specializing in the design and manufacturing of custom hand tools for the industry, particularly for maintenance and technical operations in demanding sectors such as aerospace and rail.

France

USIMAT-SERMEES

French specialized manufacturer that combines custom fabrication with GSE and tools supplying airport operators and maintenance companies (MRO) for both civil and military applications, internationally.

France

VALOER

Industrial waste management and resource recovery, including recycling of batteries, electronic waste and metals, as well as site dismantling and environmental services.

France

VILLE DE MÉRIGNAC

Major economic hub within the Bordeaux metropolitan area, driven by its strong aerospace industry, business parks, and the presence of Bordeaux-Mérignac Airport, which supports logistics, international trade, and employment.
